

## Billetix – Source URL See Tickets

| Url See Tickets      |                                             |
|----------------------|---------------------------------------------|
| Adresse              | <input type="text" value="Entrez une Url"/> |
| <div>Cancel OK</div> |                                             |

When creating a See Tickets URL source, the above information is requested.  
Enter your URL and submit.

The requested address will have the following format:

<https://web.digitick.com/inout/exportbilletsxml/?mod=xxxx&evt=yyyy&key=zzzz&rep=tttt>

The automatic source update parameters are defined in this source.

The following information will be available:

Barcode

Customer Name

Customer's first name

Price

All CABs retrieved will be considered valid for entry.

If, in two successive imports, CABs disappear in the second import, they will be marked as "Cancelled".
