When creating a Billetel source, the above information is requested.

You can choose:

That is, an entire show,  
Let's consider a representation.

Click on the chosen item and then confirm.

Loading tickets may take several minutes.

Billetel data sources are configured with a username and password provided by Billetel, which corresponds to a Billetel administrator code. The Billetel administrator configures which elements can be controlled.

The automatic source update parameters are defined in this source.

To connect to the Billetel WS, you need the username and password used for the associated management code.

The default URL to use is:

[https://services.billetel.fr/ctrlAccesWS-CXF2/services/V09\\_37](https://services.billetel.fr/ctrlAccesWS-CXF2/services/V09_37) For the CTS WS (default)  
[https://www.dispobillet.com/ctrlAccesWS-CXF2/services/V09\\_37](https://www.dispobillet.com/ctrlAccesWS-CXF2/services/V09_37) For the Billetel WS
